

## Sunflower competition rules and regulations

### **Entries:**

Entries cost 50p per entry and can be either individual or as a group, so long as you fill this in on your entry form.

### **Starter pack:**

In your starter pack you will get: 2 sunflower seeds, a plastic cup, a name label and some compost.

If and when your sunflower gets bigger you will be responsible for providing all of the extra bits you may need.

### **Categories:**

There are 2 categories in this competition: (1) Tallest sunflower (2) Biggest sunflower head (the flower)

### **Ages groups:**

To enable maximum participation there are 4 ages groups within this competition. Each age range can be entered for both categories.

### **Judging:**

All entries will be in the form of photographs. You do not need to bring the actual sunflowers into school. The photographs DO NOT need to contain your picture, but can do if you want and your parents are happy for a picture of you to appear.

The photographs MUST contain a reference to height or width within them e.g. a photograph of the sunflower head with a tape measure stretched across it would be ideal or a picture of the sunflower with a tape measure next to it would also be brilliant. That way we can see an exact measurement.

### **Deadlines:**

The deadline for entry is May half term this year. The deadline for submission is September the 1<sup>st</sup>. this gives you chance to nurture and grow these sunflowers over the summer.
